Informed Consent for Acupuncture Treatment

You are the most important person on your health care team. You are entitled to receive clear and understandable information about the options for and methods of therapy, techniques used, and duration of therapy. If you have questions about your treatment, please ask your attending traditional Chinese medicine practitioner to further explain it all pertinent information's in regards to your traditional Chinese medicine treatment. You may also seek a second opinion from another health care professional, or terminate therapy at any time.

I hereby request and consent to the performance of Acupuncture treatments and other procedures within the scope of the practice of Acupuncture on me by the Anna Totzke a Registered Acupuncturist.

I understand that methods of treatment may include, but are not limited to: acupuncture, cupping therapy, moxibustion, Chinese exercise therapy and Acupressure manual therapy.

I have been informed that acupuncture is a safe method of treatment, but that it may have side effects, including bruising, numbness or tingling near the needling sites that may last a few days and dizziness or fainting. I understand that I should not move while the needles are being inserted, retained, or removed. Bruising is an also common side effect of cupping therapy. Anna Totzke R.Ac. uses sterile disposable needles and maintains a clean and safe environment.

I understand and am informed that, as in the practice of acupuncture there are some risks to treatment, including but not limited to strains, bruising and local pain. **Also, I will notify the Acupuncturist who are caring for me if I am or become pregnant.**

I do not expect the Acupuncturist to be able to anticipate and explain all risks and complications of treatment, and I wish to rely on the Acupuncturist to exercise judgment during the course of treatment which the Acupuncturist thinks at the time, based upon the facts then known, is in my best interest. I understand that results are not guaranteed. I understand the office medical and administrative staff may review my medical records and lab reports, but all my records will be kept confidential and will not be released without my written consent.

By voluntarily signing below I show that I have read, or have had read to me, this consent to treatment, have been told about the risks and benefits of the Acupuncture and other procedures, and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment from A. Totzke.

Parents/Guardians I agree that I am solely responsible for the safety of my child/children while on the premise of TouchStone Health. Children are to be supervised at all times and never left unattended by the parent.
